DURING CCP ACTIVATIONS

MODULE 3: Consent required

Local studies

Local specialist lab

Facilitating studies with high local resource requirement, such as analyses on fresh samples

MODULE 2:

Consent required Local clinical lab

Locally processed samples

Local laboratory needed to process samples or special packaging or facilities required for shipment: Plasma, serum, urine, stool

Pathogen Samples obtained for the primary purpose of

MODULE 1:

Consent required No local lab

Clinical data

where consent is required

Minimal, structured case report form

Simple & stable samples

Samples requiring no local laboratory processing and stable at room temperature for at least a week: Host DNA, RNA, blood spot, blood cells

MODULE 0:

No consent No local lab

Clinical data where consent is not required

Minimal, structured case report form

Pathogen

Samples obtained for clinical purposes

DURING "PEACETIME"

Host genetics e.g. GenOMICC study

Short period incidence studies e.g. SPRINT-SARI
